REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: prior art does not disclose a bird perch to be worn on a person's upper arm comprising a curved relatively rigid band, a means for releasably securing the band about a person's upper arm and a perch extending generally horizontally outwardly from the band. It is well known in prior art to have wearable bird perches, however these are all worn over the shoulder of a person, the ability to wear this perch about the upper arm is unique. Prior art also discloses various devices meant to be worn about the upper arm but the attachment of a perch of something capable of being used as a bird perch to the device is found to be patentable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Included for further reference are: Moon (4,959,875), Takeda (5,113,533) and Kelly (5,418,980).
